Guardian Automotive highlights benefits for European customers at Automechanika 2016

- ***Unique value proposition in Automotive Replacement Glass***
- ***Strong focus on customer service and reliability***
- ***Hall 6 Level 2 Stand A50***

Bertrange, Luxembourg, July 5, 2016 – Visitors to Automechanika in Frankfurt (13-17 September 2016), will have an opportunity to meet the recently appointed team that drives Guardian Automotive, one of the Europe-wide businesses of Guardian Glass, a world-leading innovator in glass and coating technologies.

Guardian Automotive combines the company's dedicated European manufacturing facilities and state-of-the-art warehousing and distribution services, headed by a single team, able to offer seamless, fast and reliable service. All Guardian Automotive activities are fully supported by the extensive R&D and technical services of Guardian Glass.

The company is fully committed to the automotive segment and is currently making significant investments in assets and people with the clear objective of meeting the needs of the industry in terms of current and future requirements.

According to Marco Antonio Moreno, Sales & Marketing Director, Guardian Automotive is well positioned to become the preferred supplier of premium quality Automotive Replacement Glass: "We are big enough to deliver, small enough to care and strong enough to support our customers, whether they are Distributors or Fitters. We are able to deliver personal, practical service and technical back-up."

Marco Antonio Moreno added: "In an industry segment where speed is of the essence, we have the facilities and resources to meet – and exceed – customer expectations. We are flexible in manufacturing, fast in delivery and totally reliable – with an on-time delivery rate of 98.5%. If you are not currently talking to us, you probably should be."
